this edition contains donald cress s completely revised translation of the meditations from the corrected latin edition and recent corrections to discourse on method bringing this version even closer to descartes s original while maintaining the clear and accessible style of a classic teaching edition

descartes s meditations on first philosophy the fundamental and originating work of the modern era in western philosophy is presented

here in donald cress's completely revised edition of his well established translation bringing this version even closer to descartes's original while maintaining its clear and accessible style

many other matters respecting the attributes of god and my own nature or mind remain for consideration but i shall possibly on another occasion resume the investigation of these now my principal task is to endeavour to emerge from the state of doubt into which i have these last days fallen

by far the most widely used translation in north american college classrooms donald a cress's translation from the french of the adam and tannery critical edition is prized for its accuracy elegance and economy the translation featured in the third edition has been thoroughly revised from the 1979 first edition and includes page references to the critical edition for ease of comparison

if this discourse appear too long to be read at once it may be divided into six parts and in the first will be found various considerations touching the sciences in the second the principal rules of the method which the author has discovered in the third certain of the rules of morals which he has deduced from this method in the fourth the reasonings by which he establishes the existence of god and of the human soul which are the foundations of his metaphysic in the fifth the order of the physical questions which he has investigated and in particular the explication of the motion of the heart and of some other difficulties pertaining to medicine as also the difference between the soul of man and that of the brutes and in the last what the author believes to be required in order to greater advancement in the investigation of nature than has yet been made with the reasons that have induced him to write

this edition features reliable accessible translations useful editorial materials and a straightforward presentation of the objections and replies including the objections from caterus arnauld and hobbes accompanied by descartes replies in their entirety the letter serving as a reply to gassendi in which several of descartes associates present gassendi's best arguments and descartes replies conveys the highlights and important issues of their notoriously extended exchange roger ariew's illuminating introduction discusses the meditations and the intellectual environment surrounding its reception

a superb text for teaching the philosophy of descartes this volume includes all his major works in their entirety important selections from his lesser known writings and key selections from his philosophical correspondence the result is an anthology that enables the reader to understand the development of descartes's thought over his lifetime includes a biographical introduction chronology bibliography and

existence as necessity the ontological argument through the ages why does anything exist at all and must god exist by definition existence as necessity offers a profound exploration of the ontological argument the bold claim that the very concept of god implies his existence spanning thinkers from anselm and descartes to leibniz plantinga and gödel this book traces how reason logic and faith converge in one of philosophy s most enduring questions blending history theology and analytic philosophy it invites readers to rediscover the timeless dialogue between mind and being necessity and divinity faith seeking understanding st anselm fides quaerens intellectum i clearly and distinctly perceive that necessary existence is contained in the idea of god rené descartes if it exists in some possible world it exists in all possible worlds including the actual world gottfried wilhelm leibniz the universe s existence is contingent and therefore demands explanation richard swinburne the bible is alive it speaks to me it has feet it runs after me it has hands it lays hold of me martin luther preface to the new testament scripture is not simply a repository of true statements about god but the vehicle through which god continues to speak today n t wright revelation does not terminate in the bible but continues through its proper understanding and application j i packer god has spoken the bible is not a collection of disconnected moral lessons but a unified revelation of god s redemptive plan r c sproul knowing scripture this most beautiful system of the sun planets and comets could only proceed from the counsel and dominion of an intelligent and powerful being isaac newton principia mathematica the most incomprehensible thing about the universe is that it is comprehensible albert einstein the result of intelligent design is a purposeful arrangement of parts michael behe darwin s black box from the first whispers of faith to the discoveries of modern science these voices echo a single truth that the universe is not silent and that understanding begins in wonder

this collection of recent articles by leading scholars is designed to illuminate one of the greatest and most influential philosophical books of all time it includes incisive commentary on every major theme and argument in the meditations and will be valuable not only to philosophers but to historians theologians literary scholars and interested general readers ideal for courses on the history of philosophy and those centered on descartes specifically this collection of recent articles by leading scholars is designed to illuminate for students one of the greatest and most influential philosophical books of all time it includes incisive commentary on every major theme and argument in

meditations

exploring the pedagogical power of the monstrous this collection of new essays describes innovative teaching strategies that use our cultural fascination with monsters to enhance learning in high school and college courses the contributors discuss the implications of inviting fearsome creatures into the classroom showing how they work to create compelling narratives and provide students a framework for analyzing history culture and everyday life essays explore ways of using the monstrous to teach literature film philosophy theater art history religion foreign language and other subjects some sample syllabi assignments and class materials are provided

are cyborgs our friends or our enemies was it morally right for skynet to nuke us is john connor free to choose to defend humanity or not is judgment day inevitable the terminator series is one of the most popular sci fi franchises ever created captivating millions with its edgy depiction of the struggle of humankind for survival against its own creations this book draws on some of history's philosophical heavy hitters descartes kant karl marx and many more nineteen leather clad chapters target with extreme prejudice the mysteries surrounding intriguing philosophical issues raised by the series including the morality of terminating other people for the sake of peace whether we can really use time travel to protect our future resistance leaders in the past and if arnold's famous t 101 is a real person or not you'll say hasta la vista baby to philosophical confusion as you develop a new appreciation for the complexities of john and sarah connor and the battles between skynet and the human race

this book challenges the presupposition among professional philosophers that rené descartes is the father of modern philosophy it demonstrates by intensive textual analysis of descartes's discourse and meditations that he inaugurated a new type of sophistry rather than a new way of conducting philosophy transcendental sophistry is a synthesis of renaissance humanism and christian theology especially the theology of creation this striking re-evaluation of the achievement of descartes opens the history of western philosophy to radical reinterpretation

the blackwell companion to hermeneutics the blackwell companion to hermeneutics is destined to become an invaluable resource for its incisive discussions of all aspects of hermeneutics within the field of philosophy burt hopkins seattle university this is an extraordinarily rich collection of articles on every aspect of hermeneutics it covers not just the history of hermeneutics from the ancient greeks to the present but also topics ranging from aesthetics and politics to pragmatism and deconstruction as analyzed by key thinkers such as schleiermacher dilthey heidegger gadamer vattimo and apel this companion is an essential guide to the hermeneutic tradition dermot

moran university college dublin hermeneutics the philosophical theory of interpretation has been one of the most influential strands of european thought over the last two hundred years or more this comprehensive volume of essays with contributions by many leading experts in the field constitutes an ideal point of entry into the hermeneutic tradition its range and level of detail will also appeal to those who wish to advance their knowledge of hermeneutic philosophy and its many important consequences peter dewes university of essex the blackwell companion to hermeneutics is a collection of original essays that provides a definitive historical systematic authoritative and critical compendium of philosophical hermeneutics the volume explores the art and theory of interpretation as it intersects with contemporary philosophical and interdisciplinary schools of thought including humanism politics education theology literature and law essays also include cutting edge discussions of the relation of hermeneutics to the history of philosophy and address the major themes topics core concepts and key figures at the heart of the discipline the reference features 70 chapters from an international cast of leading and upcoming scholars who offer historically informed philosophically comprehensive and critically astute contributions in their individual fields of expertise in doing so they identify and enact different aspects of hermeneutical aims and approaches in an attempt to bear witness to both the inherent diversity of hermeneutics and also the constancy and fidelity of its return to history and tradition timely and thought provoking the blackwell companion to hermeneutics is the only comprehensive reference work of its kind and offers a wealth of information for everyone with an interest in hermeneutics

are american colleges and universities failing their students by refusing to teach the philosophical traditions of china india africa and other non western cultures this biting and provocative critique of american higher education says yes even though we live in an increasingly multicultural world most philosophy departments stubbornly insist that only western philosophy is real philosophy and denigrate everything outside the european canon in taking back philosophy bryan w van norden lambastes academic philosophy for its eurocentrism insularity and complicity with nationalism and issues a ringing call to make our educational institutions live up to their cosmopolitan ideals in a cheeky agenda setting and controversial style van norden an expert in chinese philosophy proposes an inclusive multicultural approach to philosophical inquiry he showcases several accessible examples of how western and asian thinkers can be brought into productive dialogue demonstrating that philosophy only becomes deeper as it becomes increasingly diverse and pluralistic taking back philosophy is at once a manifesto for multicultural education an accessible introduction to confucian and buddhist philosophy a critique of the ethnocentrism and anti intellectualism characteristic of much contemporary american politics a defense of the value of philosophy and a liberal arts education and a call to return to the search for the good life that defined philosophy for confucius socrates and the buddha building on a popular new york times opinion piece that suggested any philosophy department that fails to teach non western philosophy should be renamed a department of european and american philosophy this book will challenge any student or scholar of philosophy to

reconsider what constitutes the love of wisdom

the author presents a two tiered analysis that views postmodern legal thought as both a collective intellectual movement and as the work of particular theorists notably friedrich nietzsche michel foucault jacques derrida francois lyotard and richard rorty he concludes that even though postmodern thought does not give rise to a normative theory of right that can be used as a framework for deciding cases it can focus attention on genealogy and discourse and can empower those who have been denied a voice in the legal system annotation copyrighted by book news inc portland or

revelation and reason brings together a collection of colin gunton s lectures in a volume that highlights the creative thought of a widely read theologian and philosopher

this book should be of interest to introductory philosophy philosophy of mind and metaphysics courses

the first book to probe the conflicted attitudes that shaped and constrained noted painter george catlin famous for his 19th century paintings of vanishing native american culture forces readers to rethink their understanding of the artist despite his advocacy for native peoples

in this fascinating introduction joseph runzo presents a uniquely global perspective on the philosophy of religion covering such key topics as the existence of god and the connection between religion and ethics he addresses the traditional questions as they appear in all the world faiths
